

# DRIVER MANAGEMENT SERVICES

## KNOW YOUR PEOPLE, CONTROL YOUR RISK.

*FOR YOUR RISK MANAGEMENT POLICY  
TO BE SUCCESSFUL, IT IS ESSENTIAL TO  
REGULARLY MONITOR AND ASSESS YOUR  
DRIVERS AND THEIR VEHICLES.*

### **Our Adept solution includes Information gathering**

Detailed records of all your employees driving on company business including age, driving experience, health and accident records.

Including last eye tests (we also send out free eye test reminders every 6 months to drivers)

### **Journey evaluation**

An assessment of high mileage drivers and effective journey planning.

### **Driving licence checks**

Driving licences are electronically validated as required or at least annually, directly with the DVLA, removing the need to view paper versions.

### **e Learning**

Our online training solution, developed in conjunction with RoSPA, identifies low, medium and high risk drivers and draws your attention to any motor vehicle training requirements.

This award winning product ticks compliance boxes with new starters and drivers that have persistent accidents and fines etc.

Ask today for a free demo!

### **Insurance, service and MOT audit with Grey Fleet Drivers**

Ensuring drivers who take cash or use their own vehicle on company business hold valid insurance and MOT certificates also ensure that their vehicle is road worthy. All completed by Adept via our AVM Fleetcheck Portal

### **Annual nominated driver management**

Detailed records of nominated drivers.

### **Vehicle safety check driver's App**

Sent to the driver at weekly/monthly intervals. Checking the chosen vehicle is fit for purpose, serviced and maintained in accordance with the manufacturer's guidelines.

### **Education and communication**

It is important to create and communicate a safety culture within your organisation, ensuring all areas of the business are aware of the company's policy and objectives.
